BORRA VAMSI KRISHNA

vamsikrishna212006@gmail.com | +91 8919401258 | Guntur, Andhra Pradesh
GitHub | Portfolio | LinkedIn

Profile

Computer Science and Engineering undergraduate with hands-on experience in frontend and full-stack web development using HTML, CSS, JavaScript, React, Node.js, Express.js, and MongoDB. Experienced in developing interactive web applications, integrating REST APIs, and connecting frontend interfaces with backend services. Interested in building responsive, maintainable applications and continuously improving problem-solving and software development skills.

Education

B.Tech in Computer Science and Engineering — **2023 – 2027**
R.V.R. & J.C. College of Engineering, Guntur — CGPA: 7.13/10

Intermediate – MPC — **2021 – 2023**
Narayana Junior College, Kurnool — 87%

SSC — **2021**
Good Shepherd English Medium School, Nandyal — GPA: 6.7/10

Technical Skills

Programming Languages: Java, JavaScript, Python, C
Frontend: HTML5, CSS3, React.js
Backend: Node.js, Express.js
Database: MongoDB
Tools: GitHub, VS Code, Postman
Core Concepts: Object-Oriented Programming, Data Structures, Component-Based UI Development

Projects

Context-Aware Retrieval-Augmented Generation (CA-RAG) *Python, FastAPI, React, MongoDB*

- Developed a full-stack application that answers questions using information extracted from uploaded PDFs.
- Implemented document processing, retrieval, similarity validation, and answer-generation workflows.
- Integrated the React frontend with FastAPI backend services for document ingestion and query processing.
- **GitHub:** Source Code

Login System *HTML, CSS, JavaScript, Node.js*

- Developed a login system with a user-friendly interface using frontend web technologies.
- Implemented backend connectivity using Node.js to handle login-related requests.
- Focused on user input handling, form validation, and frontend-backend integration.
- **GitHub:** Source Code

Currency Calculator *HTML, CSS, JavaScript*

- Developed a browser-based currency conversion application with an interactive user interface.
- Implemented conversion-related input handling and user interactions using JavaScript.
- **Live Demo:** Currency Calculator **GitHub:** Source Code

Number Guessing Game *HTML, CSS, JavaScript*

- Built an interactive browser-based number guessing game with random number generation and input validation.
- Implemented attempt tracking and feedback to make the gameplay interactive.
- **Live Demo:** Number Guessing Game **GitHub:** Source Code

Certifications

- Public Speaking – NPTEL — *October 2025*
- Human Computer Interaction – NPTEL — *April 2026*
- Quantum Fundamentals – WISER — *February 2026*
- Quantum Algorithm Fundamentals and Hands-on Training – WISER — *June 2026*

Soft Skills

Problem Solving | Analytical Thinking | Communication | Teamwork | Adaptability | Time Management
